COLORED MAN IS SEATED IN THE CON.CON.

Benjamin Franklin Bowles Of St. Louis Takes Oath Of Office To Help Build A New Constitution For This Old State.

ONLY COLORED MAN IN DISTINGUISHED GROUP

Takes His Seat With Dignity And Grace And Begins The History Making Task Before Him.

By John Jos. Reed

Special To The St. Louis Argus

JEFFERSON CITY, Mo., May 23.—The Constitutional Convention was called to order Monday, May 15th by Secretary of State Charles U. Becker in the House of Representatives at the State Capitol.

One of the most picturesque gatherings any one's eyes ever beheld was witnessed on this auspicious occasion to anyone that could have been here to have seen (his august body of men when they came to order at the rap of the gavel; and what was more pleasing to my eyes was when I beheld in person the only Negro in this great gathering—how dignified he took his seat and how graciously he answered to his name when the Clerk called "B. F. Bowles" He answered in that soft voice of his "Present." At this point I will say that every Negro in the state of Missouri should have been at the Capitol to have witnessed the sacred point when he held up his hand and took the oath of office to carry out the law as he was sent to do.

Missouri is to be especially proud of the fact that St. Louis is in the confines of the grand old State of Missouri, and that the honor of sending one of our Race to take his place in the Hall of Fame to safeguard the laws of the future Constitution of Missouri that will stand as a monument to Hon. B. F. Bowles when he has been called from labor to reward. And I am of the opinion that the people of St. Louis that in this noble man we have one that can from all angles stand on the floor of our Constitutional Convention and with the air of dignity and from a point of intellect—hold his own.

I was indeed glad to witness this grand character when he was voting on a president for the Constitutional Convention. Missouri is fast coming to the front with her noble men and St. Louis has broken the ice and why don't some of our larger citizens wake up and put her men to the front. The Negro must play his part now if he of she ever expects to amount to anything in the future. St. Louis elected Charles H. Turpin as the first Negro cashier; St. Louis elected Hon. Walthal M. Moore as one of her Representatives, and last but not least elected Hon. B. F. Bowles, to the Constitional Convention.

Keep the good work up St. Louis, and before the end of time—I mean this next Election—St. Louis Negro men and women will show to the balance of the state that she will have to say as to just who will be elected as our eyes are on the men from now on.

The truck belonged to Jesse Parks, 1451 Madison street, who told the police he lent the machine to another man. The men were later arrested. DYER HOPEFUL ANTI-MOB LAW BEING PASSED

Sub-Committee Makes Unfavorable Report. Bill May Be Amended. Majority Believe It Constitutional.

WASHINGTON, D. C., May 20.—Despite the fact that the sub-committee of the Judiciary Committee of the Senate failed to recommend the Dyer Anti-lynching Bill for passage, much hope is expressed that this bill will be favorably acted upon by the committee of the whole when up for consideration.

Dyer On The Job

Representative L. C. Dyer of St. Louis seemed very much concerned about the matter, and was in constant consultation with party leaders, hoping of the actions of the sub-committee in failing to recommend the bill. Mr. Dyer said: "We expected this action from the subcommittee. Senator Borah has never been hooked upon as friendly to the measure and he with the two Democrats constituted a majority of the committee. We believe that when the committee meets to consider the report of the sub-committee that a decision will be reached to report out the bill favorably and that it will be passed."

There is some talk of redrafting the bill on account of doubt expressed by some, as to the constitutionality of the bill, but those who have studied the measure, doubt as to wheather much improvement can be made.

Mr. Dyer believes that the bill in its present form is constitutional, and his belief is shared by the majority of the members of Congress.

YOUNG HOLLEY FAILS IN MENTAL EXAMINATION

Special to the Argus.

NEW YORK, May 22.—Emile T. Holley colored, New York boy selected by Congressman Anderge as a candidate for Annapolis is the most recent, expected sacrifice by the Republican party in the southern modesh which breathes fire and brimstone and lives on the raped bodies and blasted hopes of colored Americans. It is claimed by the Annapolis Examining Board that Holley failed in the entrance examination.

The colored candidate for commission in the United States Navy took his examination at the New York custom house in April and the findings of the examining board were made known May 15. Holley stated that he found the examations in English, History and Geography easy and that he had some difficulty with mathematics. CON. CONVENTION GAVEL

Lincoln University Manual Training Class Made Gavel to Be Used During Present Convention

JEFFERSON CITY, Mo., May 23.—When the Constitutional Convention opened up Monday, May 15, the gavel which was to be used by the presiding officer had not arrived and President Richardson of the Lincoln University immediately got in touch with the Manual Training Class and a specially made gavel was prepared and sent to the convention president with the following letter:

"The Lincoln University takes pleasure in presenting this gavel to the President of the 6th Constitutional Convention of Missouri."

The gavel has the following inscription engraved upon it: "From Lincoln University to the Missouri Constitutional Convention, May 15, 1922."

The members of the Manual Training Class of Lincoln University are proud of the honor of having made the gavel now being used by the acting president of the Constitutional Convention.

$37.000 MARK REACHED IN ORPHAN HOME DRIVE

Much jubilation was expressed in the camp of the workers of the St Louis Orphans' Home, and Community workers over the splendid results of the May Day effort. $7314.68 was added to the fund through the effort of the workers and the May Day celebration. This amount brings the total collection up to $37,097 and puts the fund well over the half-way mark. Much credit is due the ladies for the success attained in this campaign so far as colored people is concerned.

The campaign for the new building fund is to be continued by the Lincoln Institute Alumni Association carrying on every item just as the very start. Volunteer workers are to be added to their forces, and to those who desire an opportunity to work for this most worthy cause.

As an evidence of the continued and growing interest of the community in this cause, the Board of Managers point to the over 1000 persons who gathered at the base celebration when the cornerstone was laid under the auspices of the Masons. This was an inspiring sight to all and as an augury for the success of the home for little children of our city.

ANTI-LYNCHING BILL FACTOR IN THE PRIMARIES

Indiana And Pennsylvania Negroes Help To Nominate Men For The Senate Who Indorse The Bill.

BEVERIDGE AND PINCHOT Get SUPPORT AND WIN

Promise To Bring The Bill Out Of The Pigeon Hole If Elected. The Conservatives Are Worried.

Associated Negro Press.

WASHINGTON, D. C. May 24—Gifford Pinchot, nominated for Governor of Pennsylvania, following the nomination of Albert J. Beveridge for Senator in Indiana, defeating Senator New, has caused conservative Republicans of the nation's capitol to "sit up and take notice."

With November nominations rounding into form, candidates for office yet to be nominated which includes Senators in Ohio, Michigan, New Jersey, Delaware, Nebraska, West Virginia, and other states where Negro votes are an important factor, are whistling tunes of despair rather than satisfaction.

The Associated Negro Press is in receipt of direct information from Indiana, concerning the attitude of Colored voters. This information come from an unbiased source, and frankly explains the attitude of Colored voters. Republican candidates with Colored constituents, are urged to "listen, and govern themselves accordingly."

Indiana Negroes felt more cordial to Senator New than to former Senator Beveridge but Beveridge chided the party for have to pass on the Dyer Anti-Lynching Bill and declared he would "bring the bill out of the pigeon hole if elected." This condition, together with disgruntled feeling on several national matters, caused thousands of Colored voters to remain at home. "Unless the Republicans get busy" writes the A. N. P. informant, "thousands of these people will vote the Democrat ticket next fall as a protest."

Pinchot For Square Deal

In the Pennsylvania Republican primaries, Gifford Pinchot, of Theodore Roosevelt friendship, proved himself the statesman while Alter, his opponent, proved himself the demagogic politician. The Anti-Lynching Bill was an important factor in the primaries as it will be in all subsequent primaries, and next fall's election. Alter ignored an inquiry with reference to his attitude on the bill and it is authoritatively claimed that he is against the measure while Pinchot came out with a strong statement for the bill and declared, over his signature that he believes in the Roosevelt "square deal," and "all men up and not some men down." This declaration, together with the late Penrose machine attitude on the civil rights bill, that failed of passage, drove Colored voters straight to Pinchot by the thousands. The Philadelphia Advocate of which Robert J. Nelson is editor, in a remarkable prediction prior to the election came out bold for Pinchot and declared he would be nominated.

A Big Political Turn

The entire turn of events points to an amazing political turn of events that will end, none can say where. Here in Washington, all sorts of things are being predicted, and the "easy going methods" are giving away to earnest consideration of facts.

Can the old-line methods hold? The latest primaries have answered, No, most emphatically. Will Colored American citizens "eat any old corn in the Democratic crib" that it can be pottered? There is no argument of the most cordial friend of Republican policies that could be advanced which will cause voters in various states to authose unless there is a decided change of front, and an absolute "hewing to the line of justice."

Fifty-odd policies of the party, "sleeping at the switch" on the Anti-Lynching Bill, failure to make major appointments of Negroes, and an earnest effort to live up to the principles of the Constitution, which was promised in campaign speeches, have so disappointed both leaders and people, that the road of the future is rock and filled with despair. The sentiment of the times is reflected most thoroughly in the editorial expression of newspapers from one end of the country to the other.

"What is going to be done about it?" asks one. "By whom, the Republican party or the people?" comes back the inquiry. "Both," said the first. "Deep for me," said the second. "Deep River," as goes the song.

NEGRO DELEGATE TO LABOR FEDERATION

Special to the Argus.

HANNIBAL, Mo. May 25.—The Missouri State Federation of Labor has been in session here ever since Monday.

There is a large delegation in attendance Of that number, only one colored delegate answered the roll call, J. McKinney, a Postal Clerk of St. Louis is the man. Mr. McKinney has been the recipient of many courtesies while here.

From what can Courage be derived? Consciousness of "worthiness" then faith.

Dyer Wires He Believes Mob Law Will Be Enacted

Special to the Argus.

WASHINGTON, D. C., May 26.—I have just sent the Associated Negro Press of Chicago, Ill., the following telegram:

"Answering your wire relative to anti-lynching bill, beg to advise that the Judiciary Committee of the Senate, after several meetings regarding it, postponed for further consideration for two weeks in order to have conferences between members of the Judiciary Committee of the Senate and of the House relative to meeting of objections and suggestions as to changes desired by the Judiciary Committee of the Senate. I believe that the two committees will get together upon the matter and I think a law will be enacted before this Congress ends.

L. C. DYER."

WALTHAL MOORE IS A CANDIDATE

Representative From Sixth District Seeks Renomination On Republican Ticket On His Record. Other Negroes File For Office.

Among the aspirants for political preferment who have filed their declarations with the election commissioners of this city are:

WALTHALL M. MOORE for Re-election to the State Legislature from the Sixth District.

Mr. Moore is a candidate for re-election to that office on his record. He is endorsed by all who have made a splendid record during the Fifty-first Session of the Missouri General Assembly. In recognition of that fact it is hardly probable that he will have any opposition for the nomination. He filed as a Republican, subject to the Republican primaries in August.

IRA DORSEY 19th Ward for constable from Fifth District. He is at present filling the office of Circuit clerk's office which position he has held for a number of years.

LANGSTON HARRISON, 6th Ward was the first to make his declaration as candidate for Constable in the Fourth District.

NAPOLEON HARRISTON, 3523 Lawton, real estate dealer, lodge and churchman, has filed for Constable in the Fourth District.

JOHN L. EDWARDS, has also filed for Constable in the Fourth District.

JUSTICE OF PEACE: Eli Taylor, Lawyer, 3025 Lawton has filed for Justice of the Peace in the Fourth District.

There are two Justices, and two constables to be elected in the District. Negroes are expected to get the offices of Constables.

Rumor has it that many other Negroes are to file for the offices of Constables in the District and judging from these statements there will be a free-for-all race in the Fourth District.

TENTH CAVALRY IS WITHOUT A CHAPLAIN

Retirement Of Scott Will Probably Result In A White Chaplain For Colored Regiment. No Colored Chaplain In Army Department In Making No Appointments.

The following article was published recently in the U. S. Army Bulletin:

"The career of Chaplain Charles A. W. Scott (colored), U. S. Army, on account of physical disability incident to the service leaves the 10th cavalry without a chaplain. Under the announced policy of the War Department of making no appointments of chaplains until the excess occasioned by the reduction of the Army to 150,000 is absorbed, no colored chaplain will be available to take Chaplain Scott's place. This will probably result in a white chaplain being assigned to duty with the 10th cavalry. If this is done, the experiment will be watched with interest for very many officers who have served with colored regiments have expressed the belief that the right kind of a white chaplain would be eminently successful in serving the Negro troops and at the same time could minister to the white officers and their families. Some commanding officers of colored regiments have officially recommended that such a detail be considered, especially the battalion of the 24th infantry, on duty at Fort Benning, is having religious ministry at the hands of a white chaplain, and the results have been very satisfactory."

Announcement is also made that the 9th Cavalry (Colored) will go this year be retired from the Philippines to Fort Meade, S. D.

The way for a young man to rise is to improve himself every way he can, never suspecting that anybody wishes to hinder him. Alloof me to assure you that suspicion and jealousy never did help any man in any situation.—Lincoln.

CITIZENS WANT A HIGH SCHOOL EAST OF GRAND

More Than Five Hundred Parents Meet At Central Baptist Church And Endorse Program En Masse. Central School Patrons Alliance Takes Leading Part. Charges School Board With Injustice Toward Colored Children. Resolutions Are Adopted.

More than five hundred citizens gathered at Central Baptist Church last Thursday night in a mass meeting in the interest of a new High School to be located east of Grand Avenue. The meeting was called to order by the Rev. Geo. E. Stevens, pastor of the church and president of the Central School Patrons Alliance. He stated the object of the meeting and then introduced Atty. Homer G. Phillips, chairman of a committee of the Alliance who told of the steps which the committee had taken in presenting their question to the School Board. Four propositions had been put up to the School Board by the organization, he said. 1. A new High School to be located east of Grand Avenue. 2. The return of the 7th and 8th grades to the district schools. 3. The establishing of an open air school for Negro children suffering with tuberculosis. 4. The establishing of a teachers college with its own principal and faculty separate and distinct from the Sumner High School, and the removal of the College Avenue portables from the Sumner High School campus. He stated that more than five thousand signatures embracing these propositions had been presented to the school board besides the endorsement of forty organizations, embracing fraternal, civic, political social and religious organizations; that the committee had been given ten minutes to present the proposition to the Instruction Committee of the School Board and had been allowed without being asked a question or without any comment.

Judge Moses M. Hartman of the Circuit Court, who presided for a long time over the Juvenile Court was the next speaker. He endorsed the Association program and pledge himself to work for the location of a new high school east of Grand Avenue.

The next speaker was Mrs. W. P. Curtis, a member of the board of Directors of Lincoln University. She pictured the terrible crowded condition at Sumner High School and spoke of the inadequate facilities provided in the Teachers College, as well as the handicaps which the parents were laboring under in paying car fare and buying lunches for children while sending them to John Marshall School. It was brought out that the John Marshall School experiment was causing the School Board $2500.00 per year in car fare and lunches, most of which they would be able to save if the 7th and 8th grades were given their own school.

The next speaker was Atty. Geo. L. Vaughn who stated that the Negroes of the city were much displeased with the treatment which the school board had accorded them in that they had ignored the petitions presented by the various civic, fraternal, social and forty organizations, and had announced that it would add 12 rooms to the present High School, without giving any consideration to the request made by so large a number of citizens. This statement was loudly cheered by the audience. Mr. Vaughn showed how the fact that the children attending the John Marshall School were without supervision of either teachers or parents for from one to one and one half hours per day while going and returning on the street cars made for bad moral conditions among so large a number of pupils who had reached the adolescent period of life.

Mrs. Sweeney, a white lady, who is prominently identified in political activities among women was the next speaker. She endorsed the Association program and pledged herself to work in the interests of a new high school.

Judge Charles W. Holtcamp, of the Probate Court, was next introduced and endorsed the movement and pledged himself to do what he could to bring it about. He criticized the colored people because of not attending the larger numbers at the mass meeting.

A letter was read from Mr. Edmond Kelly, collector of the city of St. Louis giving his endorsement of the movement and pledging himself to do what he could to bring about the securing of a new high school.

Resolutions

Adopted at a Mass Meeting on May 18, 1922, held at the Central Baptist Church, Ewing and Washington Ayes

WHEREAS, The Colored school population of our city has so greatly increased in recent years that many of the grade schools and particularly the high school have become so overcrowded as to seriously menace the physical and moral welfare of the children attending them as well as to seriously retard their proper educational training; and

WHEREAS, The removing of the seventh and eighth grades from all the grammar schools to the John Marshall school has entailed by car riding a great burden of expense and loss of time for hundreds of our children and exposed them in other serious ways; and

WHEREAS, The efficiency of the future workers of our youth should be given an opportunity to equip themselves thoroughly for their work therefore

RESOLVED, That the Board of Education be urgently requested to provide for our children a suitable high school way, of Grand Avenue east of Jefferson avenue in that extensive and congested district where and schools are located and where the enormous increase in attendance in a greater number of high school children now live; and that the Board be requested also to return the children of the seventh and eighth grades now attending the John Marshall school to their resective districts.

RESOLVED, That the Board of Education be urgently requested to give as a teachers' college with its own separate faculty and, that this school be articulated with some grade school for observation and practice;

To provide an open air school for our physically defective children of the kind that has proven such a great success in other cities.

To adopt a constructive policy of providing ample school accomodations in the district east of Grand Ave. of City where our children live and avoid the makeshift which the addition of twelve rooms to Sumner High School will make.

RESOLVED, That the Board of Education be requested to grand to our Committee of the Central Baptist Church Association a willing and adequate hearing so that the Board may be more fully informed as to the conditions as found in our schools by the parents of the children. With the needs of the children thus more definitely known the Board will be better able to meet that ally of the children in all of the schools of our city shall receive the very best possible educational training.

Respectfully submitted.

The following pastors of large churches located in the district east of Grand Avenue were present and endorsed the movement: Rev. S. A. Moseley, pastor, Tabernacle Baptist Church; Rev. J. A. Williams, pastor Pentecostal M. E. Church; Rev. J. W. Brown, pastor Mt. Zion Baptist; Rev. M. Owens, pastor Galilee Baptist Church; Rev. Clark, Rector All Saints Episcopal Church; Rev. Geo. E. Stevens, pastor Central Baptist Church, and Rev. K. K. Parker, pastor Pleasant Green Baptist Church.

It was pointed out that five of the large grade schools attended by Negroes were located east of Grand Avenue, and that two large schools and one small school had been opened east of Grand avenue in the last few years. These schools named were L'Ouverture, Banneker, Dumas, Waring, Lincoln and Montgomery. It was shown that the grade schools that were located west were the Wheatley and the West Belle which are small, and the Cottage Avenue and Simmons school. The last named being the only large grade school west of Grand avenue.

People Displeased

At the mass meeting held in nearly every group throughout the community expressions of displeasure at the action of the school board in failing to provide a High School east of Grand avenue are heard every day. It is pointed out that the failure to provide these facilities is depriving many children from receiving a high school education, as the parents are unable to pay car fare and provide lunches for them, and in several instances, many of the children would be in walking distance of the school east of Grand Avenue.

Crowded Conditions at Sumner

More than three hundred children will be eligible to enter the High School course next fall, and the building at Sumner equipped to accomodate seven hundred and fifty pupils. It has now nearly fourteen hundred students enrolled and in the base ment where the lockers were formerly located and in the ends of the corridors. Here lockers have been installed and are placed around the halls of the building. The boys' lockers are to the passage-way between the two floors, and girls' lockers. It was pointed out that the proposed twelve rooms as an addition to the present high school will be but a temporary makeshift and will soon be filled by the natural increase of children coming to the high school from the schools west of Grand Ave. Everywhere there are expressions of dissatisfaction on the part of the people and expressed determination to continue fighting for more high school facilities until the same is granted by the school board. It is said that another mass meeting will be called in a few days.

WHITE MEN DEBAUCHING COLORED WOMEN SHOULD BE STOPPED, SAYS JUDGE

Peston News Service.

GREENVILLE, S. C., May 24.—At the close of the trial of Miss Lorelle Tinsley, young colored woman, who was convicted of manslaughter in the killing of N. B. Heard, a white man, and was sentenced to be in the penitentiary for a term of thirty, Judge Mauldin said: "I am convinced, after carefully considering the evidence, that there was no malice, no premeditation, no deliberation in a verdict of acquittal had been returned in this case. In sad remembrance of my dear wife daughter-in-law and sister-in-law, Mrs. Georgia H. Bostick, who departed this life two months ago, March 24, 1922.

Do not ask us if we miss her,
Oh, there is such a vacant place;
Of we think we hear her footsteps,
Or we see her smiling face.

But she has gone to brighter regions,
Safe from every grief and care;
We shall meet again in Heaven,
And never more be parted there.

Angel guard you wifey darling,
And may your hary ring load and clear.
Leaving notes of love behind you,
To the ones that love you dear.

"IN MEMORIAM
A COMRADE HAS LEFT"

Like a thief in the night
Like a fleeting gush of wind,
Like a cloud that hovers o'er us,
Passing, and then all is done;
Like a flower that dies in the autumn,
Like a fire that lives no more—
And then the end.

Miss Inez Thompson of the 2-6 class of Sumner High School is greatly missed. That vacancy can never be filled, for she was a smiling girl, who always had a cheerful smile—one for every one. We mourn her loss, but, also we bring no comfort. We, the school friends bring to you Mrs. Thompson to your sorrow our sympathies. We know you have lost more than a friend, but look to Him who doeth all things well. We wish God's blessings upon you and the family in your deepest sorrow.

COMMUNITY SERVICE TRAINING IN CHICAGO

Associated Negro Press.

CHICAGO, Ill., May 24—Community Service Inc. is to hold a Training School for Colored Workers who are rendering service locally in connection with community programs and community centers for colored people. This training school will be held in Chicago, July 10th through July 21st. Their past experience leads them to believe that these schools are valuable not only to the individuals who attend but to indirectly help in the development of the work in the various communities where such workers are employed.

The course includes not only training for leadership in social recreation, play and games community music, dramatics and pageantry, but also instruction in organization, administration and financing of community recreational programs, playgrounds and community centers.

There is a great opportunity for congenial employment to those who receive the training. While no positive assurance to those who take the course that immediate employment will be offered, can be given—such persons would more largely merit recommendation to the increasing number of positions which are to be filled through community service personal bureaus, whose recommendations are usually accepted in a great number of cities. In fact, the demand for trained workers thus far exceeds those who have taken the training and have acceptable recommendations as to qualifications. The compensation in the recreational field for community workers compares favorable to other social or educational service salaries.

The faculty will include national leaders in this work and information and instructions received by any representative working in the community will be of great value not only to them but to the community as well. The tuition is free to any one whose registration is accepted. If application is received up to June 10th. Registration blanks and information relative to application for registration can be secured from Mr. Ernest T. Attwell, 413 S. Broad Street, Philadelphia, Pa., who is the Director of the Bureau of Colored Work, Community Service, Inc.

COL. CHAS. YOUNG

By Thos. Atkins

Rejoice O' muse in such a theme,
Of nature's gift and God's own scheme
Twas he it was whom we chanced to see,
With soul aglow and spirit free.

The spell of such soul doth inspire,
With gentle force and inward fire;
With courtly mein and heroic charm,
He banished every ill alarm.

The magic of his power,
Withered like an April shower;
Could this be the part of nobility,
Oh! yet and more it was civility.

How glowed he with a boyish glee,
Or an uncaged bird just set free;
Herein is centered all humanity,
The ideal of Christianity.

Unfettered is such souls by strife,
On this terrestrial ball or in the coming life;
In such a soul there's no repine,
But struggles to enrich mankind.

OLD TIME GOOD VAUDEVILLE AT THE BOOKER WASHINGTON

The "T. O. B. A., or to be more explicit, the Theatre Owners' Booking Agency, seems to be getting down to normalcy; if the recent shows at the Booker Washington Theatre can be taken as a criterion. Old Jinx, the war, or something, seemed to have put the taboo on the Colored show business; but there has been a change and again we are being entertained by performers who are worth while. This is evident in the unusually good shows at the B. W. lately. This week is no exception. The patrons are getting a run for their money and its good clean stuff whether jazz, syncopation, opera, "dicti" or eccentric comedy, or novelty is the theme.

Patterson and Barber open the show with a singing act. The rich baritone and coralto voices blend together delightfully. The singing is given color and pep by their character work. Mr. Patterson's "Dinah Dear" and Miss Barber's "Grannie My Own" are excellent solo numbers. They close with "Honey Suckle" ad win appreciative applause.

Ida Cox comes next with three good song numbers that go big. She sings a parody entitled "Get A Working Man"; followed with "I Got It All", and closes with the "Blues."

Blaine and Brown return after an extended absence. They are offering a rural character comedy "Dad and His Incorrigible Boy." Mayme Brown as the erratic lad is still the premier in that character. James Blaine is a typical old man with a wonderful singing voice. His rendition of "Some Day" is a winner. Miss Brown is at her self singing and dancing. "You said It." The pair close in a whirlwind of song and dance, "My Old Man."

Our old favorite Arthur Allen, his "nutty" violin, and his talented wife, close the bill. The lady has improved noticably since last seen here and gets a generous hand because of her general grace ad singing. Mr. Allen with his fiddle offers a mixture of comedy, syncopation and opera and takes the house by storm. The team closes with the "Thing Called Love" and wins a curtain call.

Blaine and Brown are quite well acquainted in St. Louis and would be delighted to meet their friends.

BIG JIM, THE SHIMMYING BEAR AT B. W. NEXT WEEK

One of the features on the Vaudeville bill at the Booker Washington Theatre next week will be "Big Jim" the Shimmying Bear. Jim is also a wrestler and a challenge is issued to all comers to try him out next week.

Another topnotch act will be the Gibson Trio. This combination offer a surprise dance feature that is a sensation. Goldman and Goldman in a musical act, and Daddy Brown a single entertainer, round on a bill which looks to be the best that has been booked for this theatre since before the war. It should go over big.

Tim is coming soon with a carrel of his blamed foolishness.

Jazzland Garden To Open

Jazzland Garden will open informally, this Saturday night. The Grand Opening will be on Tuesday, Decoration Day, with a Matinee Dance at 2 p. m. The admission will be 30 cents and dancing will be free until 7 p. m. The two spacious dance floors will be used if necessary to accomodate the crowd. There will be comfortable room for 2,500; an extra abundance of good music, the best to eat and all the popular and fancy soft drinks.

BARBECUE AT MANHATTAN

Barbecue will feature the Manhattan Cafe attraction on Decoration Day. The garden is open and music for dancing will be specialized.

SEVERAL HUNDRED DOLLARS HAVE BEEN GIVEN AWAY TO BOOKER WASHTON PATRONS

This is a feature of the Theatre on Monday, when every one who enters the place receives a pay envelope. Nash, 2316 Washington; Sam Darden, 2317 Bernard; Miss Eubbia Lee, Grand Central Hotel; Mrs. R. S. Wright, 2732 Chestnut; Miss Lucy Tab, 101 S. Jefferson; Dud Goodnight, 3222 Clark; Frank R. THE PICTURE THEATRES

"Two Fisted Jefferson", "The Lotus Eater" And "Bought And Paid For", At Comet

Jack Hoxie in "Two Fisted Jefferson" will be featured at the Comet Theatre this Sunday. The story relates how Jefferson i nthe capacity of sheriff is sent to clean up a very bad part of the state which is infested by homesteaders and cannot be removed where lawlessness is the usual mode of daily life. He plunges into the heart of the trouble; is nearly shot by a pretty girl whom he ultimately marries. Of course there is plenty of thrilling fights and tense situations.

On Tuesday Decoration Day, John Barrymore will be seen in "The Lotus Eater." The story is an unusual one ranging from the Mediterranean, New York City and Palm Beach to a desert island in the South Seas. A trans Pacific flight in a dirigible is one of the spectacular features of the production.

Next Thursday, Agnes Ayres and Jack Holt will be presented in "Bought and Paid For." It is an emotional drama with outstanding and unusually attractive features.

"Dangerous Love", "Cameron Of The Royal Mounted" and "Good Bad Wife", At The Star

"Dangerous Love," the feature at the Star Theatre this Sunday provides an intensely interesting story of the reformation of a Western land man by the love of a good woman, the little town schoolmarm who is forced to win him from the dance hall, a more hell girl sweetheart and an Eastern adventuress who is scheming with her brother and others to steal Ben Warman's mine and tries all the wiles of a clever woman to gain her ends.

On Decoration Day the feature will be "Cameron Of The Royal Mounted." It is a story of the Canadian North west, dealing with the life of a young man who, leaves his home in Scotland and joins the forfe of the Northwest Mounted Police. There is a girl in the story, of course, and a romance that will carry you back to the days of your own care-free youth.

On Thursday, "The Good Bad Wife will be presented at this theatre. It contains such an unique and strikingly original plot that it would be an industice to relate the theme, but it may be said that the producers have succeeded in creating a brand new type of screen heroine that is always conspicuous in its fidelity to human composition and always captivating in its surprising actions and attitudes.

"Peacock Alley", "Flower Of The North" and "Law And The Woman" At Criterion

Mae Murray in "Peacock Alley" will be the special at the Criterion Theatre this Saturday. The story of a Parisian dancer who falls in love with a small-town American youth and finds her husband's people scandalized when she goes back to his home, resulting in the couple seeking their fortunes in New York, is one which gives Miss Murray unusual opportunity to appear in many gorgeous and artistic costumes among elaborate settings.

On Sunday the feature will be "Flower of the North." An added attraction will be "Creation." This is the first of a series of photoplays taken from actual Bible History.

Betty Compson will be seen in "Deed Law and the Woman," on Decoration Day. This is a thrilling photoplay and shows how far a wife will go to help the man she loves.

Thomas James, New Manager Of Retina Theatre And Airdome

Picture fans will be interested to learn that Thomas James, proprietor of the Comet Theatre, has also acquired the Retina Theatre and Airdome. Mr. James announces that this theatre will hereafter present only current popular pictures and be kept up to the Comet standard.

The feature for this Sunday will be Franklyn Farnum in "The Last Chance." The picture deals with a romance of the new west. The production is the most pretentious in which this rising young star has, up to the present, appeared. Many large scenes furnish the background for the action of the story, which is of the hard-riding and straight-shooting type. The story of "The Last Chance" was written by William E. Wing from whose prolific pen has come many of the greatest Farnum screen successes. A large company of well known and popular players support Farnum. The star is at his best in this picture, which shows him in the guise of a prairie Romeo, whose art less wooing proves to be irresistible to the fair sex.

"The Secret Sorrow", And "A Prince There Was" Are Pendleton Specials

"The Secret Sorrow," based on the powerful theme of mother love and daring will be presented at the Pendleton Theatre this Sunday, Monday and Tuesday. It is a "Real" photodrama, presented by a star cast of colored artists. Briefly stated, the picture deals with the love of a woman for her two boys and the torture of silence in seeing one of them sent to the electric chair because a vow she had made years before prevented her from disclosing her identity. A novel situation is the fact that the prosecuting attorney is the boy's brother and the court scene reaches a tremendous climax when the mother breaks under the strain and reveals the blood tie.

On Thursday and Friday, this theatre will present Thomas Meighan in "A Prince There Was." In this picture the star plays the role of a wealthy but unhappy young man who believes intoxication to be the only balm for his restfulness. But then he falls in love, finds a motive in life, plays the prince and finds real contentment, after a story that is rich in romance, dramatic flavor and human emotion.

"The Invisible Fear", "Fools' Paradise" And "The Beautiful Liar At Olympia

Anita Stewart in "The Invisible Fear" will be the feature at the Olympia Theatre this Saturday. The star plays the part of Sylvia Langdon, who is wooed by two men. One of them suddenly disappears, and Sylvia believes he has been burned to death in a cabin. Due to an episode which has preceded the fire, she keeps silent the fact that she had seen a body being consumed by the flames, but throughout the years the "invisible fear"—the haunting recollection—is ever present, despite her happy marriage. Then one day the "victim" appears in the midst of a dinner party being given in honor of Sylvia's birthday. Sylvia is so astounded and horror-stricken that she falls under his sway. What follows marks the story as a strikingly original one, teeming with mystery, romance and adventure.

On Sunday and Monday the spec-

(Continued from Page 4)

ial attraction will be "Fools' Paradise." The story deals with an American soldier in France who loves a French dancing girl, but who later meets an American girl dancer in a Mexican cantina and becomes the central figure of highly dramatic and thrilling episodes.

Katherine MacDonald in "The Beautiful Liar" will be presented on Thursday. The story relates the outcome of Helen Haynes' lie—and it is capital comedy-drama. She was forced into the lie, and before she had extricated herself from the complication which it brought about she had cause to regret that she had allowed herself to become inveigled into the conspiracy.

"The Finger Of Justice", "The Good Bad Wife" And Dangerous Toys" At Jestamere

"The Finger of Justice," an underworld photoplay, showing a true story of San Francisco's Barbary Coast, will be featured at The Jestamere Theatre this Sunday and Monday. It is said to be a gripping and sensational picture of the most notorious spot in the world. Its a high class production and parents are requested to bring their children to see it.

On Tuesday and Wednesday, "The Good Bad Wife" will be presented. This photoplay is intended to illustrate concretely and humanly the belief that has been celebrated in song and story, but rarely thru the photoplay, that "there is a little bit of bad in the best of us, and a little bit of good in the worst of us," and "there is more good than bad in "The Good Bad Wife," as the happy ending of the picture after many humorous and some tragic trials and tribulations, indicates.

On Thursday and Friday, the feature will be William Desmond in "Dangerous Toys." It is an intensely absorbing story of a love that stood the acid test of temptation. Jack Gray is secretary to Hugo Harman, a cynical banker, who regards all women as toys. Mrs. Gray, who has a passion for pretty clothes and wealth, is made an offer by Harman to live the life she desires for three weeks at the end of that time having the choice of returning to her husband or continuing. The wife accepts the offer, with sensational consequences, and the drama is sustained at a high pitch of appeal and emotion to the end, which is surprising and powerful.

"Dangerous Love", And "Rangeland" At The Casino

The influence of a woman's love is the principal theme of "Dangerous Love" the feature offering at the Casino Theatre this Saturday. It is a screen version of the popular novel "Ben Warman" and provides a constant succession of thrilling situations in the efforts of an Eastern mining clique to obtain possession of Ben Warman's mine utilizing in their schemes the girls of the fowl's dance and gambling hall, and even bringing an experienced and clever adventuress from the East who utilizes all her arts to capture the rough Westerner.

On Sunday, Bill Hart will be presented in "Rangeland." It is a thrilling story of the Texas cattle ranges.

"The Fall Of Babylon", "Fools' Paradise" and "Things Men Do" At The Lincoln

D. W. Griffith's Big Spectacle, "The Fall Of Babylon" will be the superfeature at the Lincoln Theatre this Saturday. This is the most staggering and startling achievement Mr. Griffith has thus far brought into being, with more than 125,000 men and women in one scene of splendor that shows all the color, life and abandonment of a bacchanalian feast. The cast of players, to, is typical of the Griffith company, including such established favorites as Constance Talmadge, George Fawcett, Mildred Harris (Mrs. Charles Chaplin), Tully Marashall, Pauline Stark, Seena Owen, Alma Rubens, Kate Bruce, Alfred Paget and Elmo Lincoln.

On Sunday, the attraction will be "Fools' Paradise." The story deals with the love of an American soldier for a French dancer who later meets an American girl in a Mexican cantina whose love he spurns. Through blindness which later comes to him because of a silly act on the part of the latter girl, he marries her in the belief that she is the French girl. He recovers his sight, annuls the marriage and in his search for the French girl is led to Siam where she proves her worthlessness and forces him to seek his former wife with whom he find happiness.

On Thursday, "Things Men Do," will be presented.

Gypses War On Negro Jazz

Hungarian Musicians Oppose Invasion Of Their Precincts.

BUDAPEST, May 24.—War has broken out between the gypsy musicians of Hungary and the Negro jazz-band artists. The gypsies, who have band artists, many of whom are Americans. The gypsies, who have furnished Hungary its music for a thousand years, assert that the jazz instrumentalists are invading their precincts and have organized to drive them out.

The Hungarian guild of jazz-band artists, whose leader is a Mississippi Negro, has accepted the challenge of the gypsies and says it will fight to the last ditch.

The Plaint Of The Fallen

Yes, once I was as pure as the driven snow
A too innocent girl, not allowed to know.
A different harvest might have been reaped,
If someone had warned me before I leaped,
If the seed of ignorance hadn't been sown,
And I'd only known, I'd only known

No, I wasn't wicked, I wasn't bad;
I was only innocent and only sad.
I wanted freedom; to me denied
I wanted counsel, the truth beside.
A different harvest might have grown
Had I only known, had I only known.

Unrest And Dissatisfaction

Preston News Service.

NEW YORK CITY, May 24.—Rumors of an upheaval in the St. Christopher Club, of St. Phillip's Parish, the leading athletic organization among colored people in the East, have been persistent and onlookers have good reason to believe there must be some truth in the charges of dissatisfaction brought outside by certain members of the well-known church organization.

The new club was recently formed and will be known as the St. Christopher Club. Unfortunate, indeed, is the action of our boys in not being able to settle their differences and keep intact an organization which has made it possible for the race to maintain representation on track and field here. No athletic meet of any worth is staged in the East but what St. Christopher grads her trained athletes who have brought glory to the club and recognition to the race striving or representation in every life of endeavor.

DANNY EDWARDS DEFEATS MIDGET SMITH

(Danny Edwards)
Preston News Service.

BOSTON, Mass., May 22.—Danny Edwards appeared at the Arena here last week and defeated Midget Smith, the over-rated Boston fighter, in six fast and furious rounds.

Because of the fact that the bout was mixed, there was some booing when Referee Walsh gave Edwards the decision, but the sport writers of all Boston papers upheld the decision and roundly upbraided those admirers of Smith who had placed long odds on their favorite to win.

Edwards was awarded the bout on superior footwork and ability to land the cleaner blows. He was seconded by Bobby Moore, millionaire colored Orgedian, who has taken a personal interest in Edward's rapid and sensational rise.

COLORED BOY'S BAND WINS THIRD PRIZE IN PHILA'S BIG PARADE

PHILADELPHIA, Pa., May 24.—In the parade beginning Boy's Week in Philadelphia, in which 52,000 are supposed to have been in line, the third prize was awarded to the Colored Boy's Band. Another colored boy was awarded the prize of a bicycle. Colored boys held their own in the parade, several divisions being led by small colored boys.

WHEN TRUTH GETS A HEARING

Eight Negroes have been lynched in the South during the past 10 or 15 days. The numbers that have been killed, assaulted and driven from their homes will never be a matter of public record.

One of the most unfortunate factors in connection with these lynchings, is the charges against the victims as made public through the press. In most cases, the reporters or correspondents are members of the mobs or receives their information, red-hot information, from a member of the mob whose hands are still stained with the blood of the "poor devil" who never had a chance after once in the hands of the so-called law. Anybody would know that such information would be partial and in self defense.

When truth gets a hearing, it will be found that in most cases reported as "crimnal assault" on a white woman, it was a case of assault and battery on some woman's son or husband, who was attempting to whip a Negro, and got the worst of it. It is so easy to say the things which will excite public sympathy. Lynching of a Negro has become a popular pastime in many parts of the South, and burning at the stake, is a rare sport which is fast becoming common. So it is easy for the curious or the drunken whites to excite a mob by down right lying on a Negro.

It is a rare case when one member of a mob is called upon to swear, or give testimony under oath.

Eight lynchings, five of whom were burned at the stake, following close behind each other, argues strong for a Federal anti-lynch law.

The United States Senate in whose hands lies the fate of the anti-lynching bill, will fail in their sworn duty if it does not put a stop to lynching in this country.

In the meanwhile let the newspapers get facts in reporting the causes of lynchings.

DON'T KNOW YOUR POWER

One of the handicaps under which we as a group labor, is the lack of the proper use of our strength. The strength of any nation lies in their power to organize. Organization, to be effective, must have not only numbers but dollars and other resources.

It requires thought and brain to organize. Its a pretty good test of our strength when measured by our ability to organize. Not that you can't possibly get along without me, nor that I can't possibly get along without you; but the point is, we can get along so much better with each other.

We do not know our power. This is due to the fact that we have never pulled together long enough at one time to test our strength.

Politics rules the world. We will be able to take our place in the world in proportion as we are able to show our strength.

The consideration we give a horse is, " he is a good horse" he does our biddings because he does not think; he does not know his power. Surely we have suffered enough because of our lack of organization. Surely those who call themselves leaders, see that the masses are ready to go.

It requires thought and initiative to show one's power—are we lacking in both?

YOU ARE WRONG FINLEY WILSON

The Washington Eagle, in a recent issue, in an effort to defend Link Johnson said; "He was accepted, not as the National Committeeman of Georgia alone, but all Negro Republicans whereever found."

You are wrong Mr. Wilson, no man of the stripe and character of Link Johnson can represent the race. "Representative men" must have honor and integrity. Link Johnson has neither.

GOLF AND THE NEGRO

A man of dark skin recently applied for a permit to play golf. He was turned down because, says the Star, "It has been found that segregation in matters of swimming pools, playgrounds, schools and the like is for the best interest of both," and there is nothing indicate the need of a change in the present arrangements.

When the matter in question was taken before the Director of Public Welfare by a committee, he upheld the decision of the Park Commissioner and said trouble might result on the part of the white, if the permit had been granted. Of course, this attitude is both practically and logically ill founded. When the question of how the Negro is treated by municipal authorities in border and southern cities as to recreational facilities was recently brought up in several inter-racial meetings in this and other cities the whites have replied that Negroes have lacked organization. We are of the opinion that there is sound justification in their point of view. Take the question of increased public school facilities for Negroes. Only a few of the Negroes themselves are interested. Altho the imperative need for an Open Air School for colored children had been pointed out repeatedly in this column but very little has been done by those who are in position to effect the needed improvements.

The question of having swimming pools, public baths, and new public schools for Negroes is largely a matter of how badly WE WANT them. The only way we see that these vital needs will be met is by the creating of a sound public opinion as follows:

1. All organized bodies, ministers, teachers, press, theatres, and unions must begin and continue to function in no way as a unit at this damnable indifference, bigotry, prejudice and injustice until it falls down never to be erected again.

2. The pulpit which reaches from 10,000 to 15,000 each Sunday must throw its whole force behind these immediate pressing needs, for they are needed TODAY! They will help to bring the Kingdom of God nearer to us!

3. There must be conferences—willing "get togethers"—of the leaders of different groups to the end that a unified sentiment may be created in this direction.

4. Literature must be spread over the entire city reaching all organized groups that they may be educated as to the benefits that will accrue to the citizens of St. Louis from these improvements.

For,

Many of the things which seem impossible for our group today can be accomplished if we organize and unify our efforts!

CATHOLICS AND JEWS HAVE JOINT MEETING

Associated Negro Press

COLUMBUS, Ga., May 24. Probably for the first time in the history of the world, Jews and Catholics united to hold a joint service tonight at Fort Benning, under the auspices of the Holy Name society and the Jewish Welfare Board of Benning, a Joint Mothers' Day flag dedication service was held at the Catholic chapel at the fort.

The main speakers of the occasion were: Rabbi F. L. Rosenthal, of Columbus and Father T. J. Lennan, chaplain at Fort Benning.

"The Klux is making many discoveries that they have "points in common."

ATTENTION, COMRADES

The 30th day of May has been solemnly set apart by the Nation as Memorial Day at which time homage is paid to the memory of each soldier dead. The American Legion, Grand Army, Spanish War Veterans and other organization in St. Louis, in keeping with the whole country will go to Jefferson Barracks, May 30th, to decorate the graves of our fallen heroes. Many of the men who fought in the World War are no members of any Legion Post, but they are especially urged and invited to put on their uniforms and assemble and go with the Tom Powell Post to Jefferson Barracks, on Memorial Day, to do honor to the memory of our fallen comrades. "Buddies", let us not so soon forget those who made the supreme sacrifice. Let every man of us turn out to do honor on this day.

There are five thousand ex-service men of color in the City of St. Louis. Fully four thousand of them ought to be in line. The Tom Powell post will be in the 6th Division and will assemble on the west side of 12th Street north from Washington Avenue. The formation will be promptly at 12 o'clock noon. In company with the other organization we will march to the levee and there board the Steamer Pilgrim, which will leave the wharf promptly at 1 o'clock for Jefferson Barracks.

A unique program has been arranged and all the foreign soldiers are urged to be out and bring their friends along as well.

Commander Tom Powell Post

MRS. MARVIN WANTS ANTI-LYNCHING LAW

Being very much moved by the horrible lynching burnings of Negroes recently in the South, Mrs. I. S. Marvin of this city has written letters to President Harding, Secretary of State Chas. E. Hughes, Chief Justice William Howard Taft, and Senator H. Cabot Lodge urging action on the Dyer anti-lynching bill, as a means of checking lynchings in America.

Senator Lodge, who is the Republican floor leader in the Senate, in answer to Mrs. Marvin's letter, sent the following reply:

United States Senate,
Committee on Foreign Relations
May 20, 1922.

My dear Madam:

I have received your letter of May 15, relative to the so-called Dyer Anti-lynching bill, and am very glad to have your views regarding this matter.

I have always been opposed to lynchings and regard them as an outrage on the law. I expect to vote for the anti-lynching bill when it comes before the Senate, although I have not had time to examine the measure in any detail.

Very truly yours,
H. C. LODGE.

SUPER-PSYCHICISM

PSYCHIC ENERGY

Energy is the source of all development. The Law of Nature is harmony and attraction. Disobey any law of Nature, and we are forced to pay the penalty. Of all the dismal theories doomed for certain destruction upon the tragic rocks of error, is man's belief in his ability to create. We owe our present existence to the process of Psychic Evolution and have been created from the beginning of the world.

Man, the individual is a single unit of creation, comprising three component parts: physical, mental and psychic. The physical body is only a temple for the soul's expression, and our thoughts are not things, as some would have us believe; but they are however the image of things, materializing into reality according to the degree by which we support them by positive action. If thoughts were things, we would experience no difficulty in thinking ourselves around the globe; thinking ourselves a million dollars or fulfilling all our desires by thought magic.

Like the central sun of our universe man has his egocentric nucleus around which, according to the intensity and management of his aggregate powers, he attracts or repels those things and people which afford him the greater physical, mental and psychic satisfaction. The first duty of man is to discover the laws which govern him. There are thousands of us in the ditch depression; laboring under disillusionment, and burdened with the weight of misunderstanding because we have been taught to believe what we are told, and would rather accept a lie and die in the ditch of perplexity, rather than investigate and find the truth for ourselves.

Psychic Energy is the driving power which causes us to act. It is the gentle, yet firm determination to accomplish one single high and legitimate aim in life. In short, it is character; One's mental qualities, aptitudes and total abilities as they positively exist. Every one, after mastering the laws of self may utilize this knowledge for personal success.

Character is governed primarily by Solar influences. These apply more to activity than to form and are symbolic of the true inner self, the sum of the aggregate mentality and its activity.

Heredity also has much to do with form and structure of the physical body, the strength line and the size of bone. The principal indication of heredity is vested in the subconscious forming one of the main springs which characterize the original mental attitude.

Physiognomy practically applied to the facial divions, conformation to size, shape and strength is the one certain means of establishing a correct estimate of the power and possible usefulness of one's Psychic Energy. All mental signs are plainly evidenced in the human face, each being symbolic of some special trait. The natural adaptability of the human mind is always significant in the fifty different facial divisions. We employ a very small portion of our powers, but by establishing the Positive Principal of Psychic Evolution is every thought and action, we automatically generate self into that which the Psychic Energy demands for perfect and permanent satisfaction. If you know, and know that you do know what your Psychic Energy demands of you, proceed to do it; but, if not, you yourself are aware of the fact and should not hesitate to commune yourself with its insistent urges.

If Nature's handiwork has made you a creative type—with the reasoning brain; concentrative, inventive, analytical, deductive, original, imaginative, creative mind; the magnetic, living vibrant touch; the voice of firm confidence; the eye expressive of ambition, psychic vision and productive intensity; a sensitive, hopeful, sympathetic mouth; the inquisitive nose, with all other physical indications equal; your problem then is immeasurably important. The 16th Ward Colored Republican Club met Wednesday night May 24th at 2424 Market Street. Interesting talks on the political situation in the 16th Ward and the 3rd Constabulary District were made by President P. B. Lankford, William Osborne, E. T. Summyth, Frank Bowen, P. M. Jackson, Mrs. Ione Penrose and Hattie Moss.

The Club unanimously went on record as being unalterably opposed to John W. Shine, for Constable in the 3rd District, because of the fact that Shine had promised the colored people of the District a Deputy Constable and has made no effort to fulfill his promise.

COLORED GIRL AVIATRIX WILL ESTABLISH SCHOOL FOR FLYING, AT CHICAGO

Associated Negro Press.

ROTTERDAM, Holland, May 24—Miss Bessie Coleman, the colored girl who has won fame as an aviatrix was a recent visitor here. Since leaving Chicago, her home, last spring, she has taken additional training in flying in France and arranged for the purchase of a machine which she plans to use in the school she is to establish in Chicago on her return. On her way to England Miss Coleman suffered a severe sprain, which doctors felt would prevent her flying for some time, but she was fortunate in recovering quickly and was proclaimed plucky by the admiring Frenchmen. The aviatrix reports that America is away behind in flying. She states that while here everyone is taking flights, and air transportation is rapidly becoming a business, in America it is largely confined to exhibition events of military practice. She will return to America in the late Summer.

COLORED POLICEMEN IN NEW YORK ANN'L PARADE

Associated Negro Press.

NEW YORK, N. Y., May 24—Ten of our regular policemen and 120 of our police reserves formed a part of the big New York City police parade last Saturday. The John Wanamaker Band, of Philadelphia, representing the race, was also in the line of march. More than 6,000 officers formed the parade.

New York always turns out loyally to do bonage to its bluecoats and last Saturday was no exception. Mayor John F. Hylan, carrying a small flag, resplendent in high hat and cut-a-way coat, marched at the head of the parade to the reviewing stand at the Worth Monument where a presentation of medals to honor men occurred. Our regular policemen marched with the men from their precinct, the 28th. All made an excellent showing.

The Brooklyn contingent of reserves were from the 87 and 93 precinct, and were under command of Lieut. W. W. Fletcher and Lieut. Ashton. The Manhattan reserves from the 38th precinct were in command of Capt White. As the two squads came from different boroughs, they did not march together.

EMPORIA, Kans., May 24.—(Special)—By and almost unanimous vote the Emporia Ministerial Association composed of all Protestant preachers here, today passed a resolution condemning the Ku Klux Klan, recently organized in Emporia. The resolution follows a recent debate between an organizer of the klan and Wilbert Allen White. The ministers said in discussion before taking a vote they would not accept gifts from the klansmen. The gifts are bribes in order to obtain public sentiment, the preachers declared.

TEXAS COLORED EDITOR IS ASSAULTED BY OFFICER AT CITY POLICE STATION

Editor Richardson Arrested on Flimsy Charge, Life Threatened, Brutally and Cowardly Attacked at City Police Station—Wife Insulted—Refused Medical Attention—Bondsman Humiliated—Placed Behind Iron Bars—Colored Citizens Indignant—Hunnish Kultur Rampant.

FROM HOUSTON INFORMER

HOUSTON, Texas, May 19—Thursday night C. F. Richardson, editor-publisher of The Houston Informer, was brutally, cowardly and murderously assaulted at the Houston police station or municipal slaughter shop by a plainclothes officer, who, a few minutes previously, had arrested the race editor after the latter had driven his car into a garage at 1013 San Felipe Street.

In company with his wife, Editor Richardson was returning from the Lincoln Theatre, where they had taken in the movies. Before leaving town they had supped at the Busy Bee cafe, 415 Milam Street, after which they entered their car in front of the building, 410 Milam Street, where The Informer offices are located.

They drove down Milam to Prairie, thence to Louisiana to Dallas, Dallas to San Felipe and out San Felipe to the Service Car Union Garage, which is located at 1013 San Felipe Street.

Just as Editor Richardson, who was driving the car, blew his horn and signalled with his hand that he was preparing to enter the garage, a car shot past his and somebody in it said "Hey!" As practically every colored driver or auto owner in town knows the editor, he paid no attention to the greeting, thinking it was some race acquaintance.

The editor drove his car into the garage and was attempting to back it in its place when a white man in civilian clothes came tearing into the garage like an intoxicated, maddened or bloodthirsty villian, flourishing his revolver, swearing and ordering the editor out of his car.

With his engine still running, the editor stopped his car and by that time another officer, who later proved to be the chauffeur of the police car, came and took out his pad and asked the editor's name and address.

In the meantime the first officer had created such an excitement and furore that within five minutes fully 99 or 100 colored people had gathered in the garage and this officer kept out his pistol and continued to threaten to either kill or hit the editor over the head.

Mrs. Richardson, upon seeing the officer, approaching, swearing and wildly flourishing his "gat" like a mad man, left the car and inquired of this enraged minion of the law (?) the trouble. He stated that the driver was under arrest for not stopping when ordered to do so by an officer.

Editor Richardson informed this peace officer (?) that he had not been ordered to stop; that he had not seen him, in that when the car dashed by the editor's car on the street he did not recognize nor pay any attention to the occupants; that he had committed no crime and consequently could not be resisting arrest; urged his wife to cease her pleadings with the officer, who was threatening to kill or beat him, telling her that the officer was not going to strike him since he had committed no offense.

Up until this time no charge had been made against the editor, but when he insisted upon knowing the charge the arresting officer became more incensed and enraged and, after stating that the "tail light was out," added that Richardson was a "——d—— smart nigger," and he was going to take him down and lock him up.

Mrs. Richardson asked what her husband had done and the officer replied: "Resisting arrest from an officer and talking to me like I was a G—— d—— nigger."

Approaching Editor Richardson with his revolver still drawn, he ordered his partner, who had taken the editor's name and was about to put him a slip, to not give the editor the slip, stating that he was going to carry him down and make him make bond.

Seeing that the arresting officer was determined to raise unadulterated hell, Mr. Richardson insisted upon escorting his wife home, but the "tail" officer only got "madder" and at the point of a pistol forced the race man to get into the police car. He compelled Mr. Richardson to sit on the front seat with the chauffeur and held his pistol to the editor's back until the police station was reached, cursing him for all kinds of vile names, despite the fact that Mrs. Richardson was sitting on the back seat of the police car.

When the municipal butcher pen—police station—was reached, the bulldog officer put his revolver in his scabbard and Mr. Richardson and his wife entered the side door. The police "gang" began to gather and as the editor made an effort to give the desk sergeant his name, the arresting officer struck him in the face. Mr. Richardson warded off the blow, despite the fact he was ill and under care of a physician at the time (having been confined to bed during that week). The "gang" ordered the editor to get closer to the window and when he made the second attempt to give his name his wife yelled, "Hurry, you about my husband!" and Mr. Richardson turned his head just in time to catch the full force of the blow on the side of the head instead of the rear of his head.

When Mr. Richardson staggered from the force of the blow, which made a deep and ugly wound on his forehead, another member of the "gang" attempted to push him back for another blow, whereupon the editor advised the officer not to strike him again. The race man was now bleeding profusely and when his wife attempted to wipe the blood from his forehead and face a few of those Huns tried to stop her.

After this cowardly, brutal and barbaric attack, the assaultor began to gloat and told the "gang" that he would have killed that "black s—— b——" out on San Felipe, but there was a bunch of niggers there and I knew they would have killed me."

Mr. Richardson then was permitted to give the desk sergeant his name and address. No charges had yet been preferred, mind you. The arresting officer had left the room and it was necessary to call him back to ascertain the charges. Here they are: "No tail light, one headlight out; resisting arrest from an officer, abusive language and talking to me like I was a G— d—— nigger, if there is any such charge as that." This last charge elicited much laughter from other members of the "gang."

Despite his wound and loss of blood, the station charge d'affairs would not permit Mr. Richardson to telephone for a physician nor would they summon one, but later locked him up and kept him incarcerated about 45 minutes full of blood and still bleeding.

This humiliation was heaped upon the editor, notwithstanding the fact that Mr. R. L. Andrews, retired race merchant, realtor and capitalist, came in about three minutes after the assault to make bond for Mr. Richardson. Mr. Andrews was humiliated as much as possible, the desk sergeant using outs, sending him out three or four times, once with instructions to get some banker (mind you, it was nearly 11 p. m.) to sign the little old $100 appearance bond with him.

Here is a colored man that is perhaps worth more than the mayor, city commissioners, all attaches of the various municipal departments, including police and fire departments combined, and yet because of the color of his skin, he too, must be insulted, embarrassed and humiliated at the police station, made possible and maintained by the taxes of all the citizens.

After certain members of the "gang" had visited the garage where Mr. Richardson left his car and searched it without a writ or warrant (maybe they thought they would find something they could confiscate) and their search proved fruitless and futile, the editor was released.

Some friends were waiting for him with a car and he was hurried to the Peoples Pharmacy where Dr. T. M. Shadowens dressed the wound, necessitating several stitches; assisted by Dr. G. M. Newman and Sam Stevenson.

As soon as he was released Mr. Richardson phoned Mayor Oscar Holcombe, got him out of bed and told him how badly he had fared at the station of the flimsy charge and gave him the name of the arresting and attacking officer. The mayor promised to attend to the matter the first thing the next morning, but at time of this articles composition he was still "investigating." (O, investigation, how many crimes are committed in thy name!)

Various reports of the cowardly and brutal attack spread over the city with lightning-like rapidity and it was with difficulty that a vast number of peaceful and law-abiding colored citizens were held under restraint. But sober judgment prevailed, despite the fact that no similar act has ever stirred the city like the Richardson outrage, which was unprovoked, uncalled for, unwarranted and unnecessary.

As far as the "no tail light" and "one headlight" charges, the editor contends that all his lights were burning when he left Milam Street, as he always examines his lights and casings when his car has been standing for several hours like on Thursday night. Even garage men state that they examined the lights after the arrest and they were in perfect condition.

The other charges are so unfounded and false that the editor even refuses to discuss them.

We learn at hour of going to press that only two charges are against Editor Richardson, viz: No tail light and abusive language. This is another proof that they do strange, queer and peculiar things at Houston's slaughter shop—most infernal and infamous police station.

But what has happened to Messrs. Richardson, T. J. Barron, the aged Ed. Smith and others at the local police station recently, is likely to be the lot of any race man or woman until such practices are broken up.

Mrs. Richardson is distracted over the experience of her husband and the ordeal through which she was forced to go both enroute to and at the MUNICIPAL BUTCHERS PEN. O, say that it is hell, is expressing it mildly, but reaping is as sure to follow sowing as day follows night. Only a few days ago Mrs. Richardson was a happy wife and mother, but now she is a nervous wreck, her husband is a physical wreck and the editor is a physical wreck, all because of the cowardly, brutal and unprovoked assault of a plainclothes officer, who, a few minutes previously, had arrested the race editor after the latter had driven his car into a garage at 1013 San Felipe Street.

A MOSLEM MANIFESTO

CONSTANTINOPLE, May 24—A manifesto has been issued to the Moslem faithful by the Islamic religious department exhorting them to banish feelings of mutual hatred and rancor and to be united in religion and faith. The manifesto says: "In olden times when we were united and attached to religion, we dominated over vast territories in three continents and these territories we kept for many centuries, thanks to our high qualities.

"The duty which is now incumbent upon all the faithful is to accomplish the duties imposed by our holy religion and to seek pardon before Allah, in order to preserve the rest of our territories.

"Let us give up alcoholic drinks and do nothing which our religion forbids us to do. Let us try and love one another and preserve no rancor toward anyone."

THE SOUTH SEA ISLAND GIRLS ARE MORE MODEST IN DRESS THAN OURS

Author Of "Fairy Land" Says "We Don't See Half As Much Of The Women There As You Do Up Here."

Associated Negro Press

NEW YORK, N. Y., May 24—Are town women more attractive and more modest than their fairer sisters? Ruth Raphael of the "Journal" quotes a young white author, James Norman Hall, author of "Fairy Lands of the South Seas"—the same Mr. Hall who has lived in his fairy isles for several years, and who has declared he is through with civilization forever, as saying so. Listen to what he said:

"Since returning to the United States I have had a chance to see the American girl on the dance floor. Even there I was struck by her lack of modesty. No girl of the South Sea Islands would dress like that. It is a mistaken idea that the women go about as the photographs which reach America would indicate. As a matter of fact, the clothes of the island girl are much more modest than the girl up here.

Natural and Simple

"Of course, the island girls are always barefooted and barelegged, but that is so natural and simple. You look at it as if a tree—it is not meant to be suggestive."

"Do you think," I asked him, "that it would be more modest and—er simple—if the modern girl were to go about without any shoes or stockings?"

"Well," evaded M. Hall, "the modern girl does dress to attract the eye in a suggestive manner, now doesn't she?"

"You made a statement," I said, "that women of the South Seas are more modest than the girls you have seen here."

"They are" he declared.

"How about these pictures showing an island beauty wearing a string of beads and flowers in her hair?"

"As a matter of fact," he answered, "there as you do up here. The pictures you see are taken by photographers who get some street girl in Papette to pose for them. The island women wear soft white dresses of a conservative length, " added this young man who has written a romance which would fit the title, "The Truth About the South Seas."

we don't see half as much of the women

Women Losing Charm

"What else strikes you about the American girl?" I asked. "How else has she changed?"

"I am struck by the number of men's jobs that women are holding—in politics, the professions etc. Personally after living in the South Seas, I don't think it a good thing—that is for the women themselves. "It seems to me they lose a good deal of charm—certainly they lose a good deal of romatic interest."

"No doubt the island women have a great deal or "romatic interest," "I suggested.

"They have beautiful hair, fine teeth and lovely skin," he answered vaguely.

"Frederick O'Brien said that they are about the color of coffee and cream. Is that a good description of them?"

"That's all right—only don't put in too much cream."

NEW YORK, N. Y., May 24.—Several of New York's younger element were the guests of Raymond Wright of Plainfield, N. J., at an afternoon party given at his palatial residence Saturday. ARKANSAS WHITE WOMEN ORGANIZE RACE MOVEMENT

Demand For The People Of All Races A Square Deal And The Full Protection Of Law. Deplore Lack Of Respect For Negro Womanhood.

By Inter-Racial News Service.

NASHVILLE, Tenn., May 23.—Leading white women of Arkansas met in Little Rock in April, organized a branch of the State Committee on Inter-Racial Co-operation, and gave to the public a vigorous address demanding for the people of all races a square deal and the full protection of law. Stating that public sentiment concerning the Negro has too long been formed by prejudice, passion, indifference and ignorance, they declared it their purpose to study the question with open mind and help create a public sentiment which shall "lessen the unhappy conditions about us, make impossible the present forms of lawlessness and disrespect for the courts, and remove contempt for and exploitation of human life."

Among the most serious phases of the race problem at present, said the committee, is "a lack of respect and protection for Negro womanhood." They therefore pledged themselves "to emphasize a single standard in morals for both men and women, to the end that the integrity of both races may be assured."

Affirming that the test of character of an individual or a race is to be found in its attitude toward those who are weaker and whose opportunities have been less, the committee appealed for a spirit of justice, helpfulness and co-operation for the Negro that shall be worthy of the white man's larger opportunity and longer period of development.

Mrs. W. D. Reeves of Helena was elected chairman, and Mrs. Clio Harper of Little Rock, secretary. The membership of the committee includes prominent representatives of the various civic and religious organizations. The plan to be followed contemplates an organization in each community to forward the principles for which the committee stands.

Within the last few months similar organizations have been effected by the women of Georgia, Alabama, So. Carolina, Virginia, Tennessee and Texas. It is believed that this movement among the women of the South promises much for the future peace and well-being of both races.

CHILDREN

By Thos. Atkins

It is upon Children's Day;
When young hearts are bright and gay,
When the boys and girls are singing;
In a chorus that goes ringing,

'Till you feel your heart a springing,
Upward to the message ringing,
Listen I to the thrill of voices,
As their tender hearts rejoice,
As their tender hearts rejoices,

Ah I the tuck of facts and fancies,
Of life's youth it just enhances,
'Twill bring you back to see the day,
When you had your childish way.

NEWS BITS FROM ARKANSAS BAPTIST COLLEGE

By LeRoy A. Jackson

The final examinations are over, and the classes, taking up where they left off before the examinations, will prosecute their regular work until May 25 when the Commencement program will begin.

Miss Inez Moore, member of the Senior Commercial Class has been confined to the sick-room ever since her return from the National Y. W. C. A. Convention in Hot Springs, some three weeks ago.

Mother's Day was observed by the students of the College. Red and White roses symbols of present and departed mothers were worn by all Sunday evening. President Booker preached on "Mothers, Living and Mothers Gone." It was a touching discourse filled with pathos and many eyes filled with tears as he related the ineffaceable worth of a mother, with her undying love.

Friday night, May 19, was Valedictory night for the Summer Literary Society. Three minutes addresses were made by one or more representatives of each class. Dr. and Mrs. E. C. Morris were present and expressed much gratification in having sat and listened to the Valedictory addresses by the students.

On Thursday Evening, May 18, the Junior Classes served the Seniors a very elaborate banquet. This is an annual affair and is one of the greatest social functions that figures in the life of the Seniors, as from year to year, the succeeding classes approach the eminences of Seniors.

Shorter College, of North Little Rock is now in its Commencement season and will close Tuesday May 23. Philander Smith College and Arkansas Baptist College will both close Thursday June 1.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach troubles, indigestion, sourness, burning gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestents are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoon full in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia, for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

The Tigers Club is a new entry in St. Louis and has been playing top notch ball so far this season.

Stars Break Even In First Two Games With Monarchs

KANSAS CITY, May 24. The St. Louis Stars broke even in the two games played at Kansas City Saturday and Sunday. It required thirteen innings to send the locals down to defeat Saturday by a 5 to 4 score. On Sunday Sam Sheppard's charges downed the Monarchs 9 to 6 in the regulation number of innings. Rain prevented the games scheduled for Monday and Tuesday. A single by Perronde and a series of fielding breaks by the Stars allowed the Monarchs to win in the thirteenth after the Stars had tied the score in the ninth with a brilliant two run rally. A crowd of 3500 fans witnessed the Saturday game. Eddie Holt had a great day at bat and in the field getting four hits in as many times at bat and handling eight fielding chances without an error.

On Sunday the Stars got revenge for the Saturday defeat and scoring five runs in the first three innings were never headed thereafter, the contest being called in the seventh account of darkness. The Monarchs staged a little closer in the two final innings of play by scoring one in the eighth and two in the ninth, rallying although somewhat weak defensive in the pinches and was never allowed perfect fielding support only one error being turned by the Stars. Sam Sheppard gathered two hits during the game and Oldham was rewarded the winner more because of his pitching support than by the merit of his own efforts. Dunbar followed Holt's form and got two hits in Sunday's game and Hewitt got four in two days' contests. The work of Wesley, a new man, at third base featured the Stars victory on Sunday by handling seven fielding chances in a flawless manner.

Mohawks Win Again In Game At State Capital

By John J. Reed

JEFFERSON CITY, May 22.—Hundreds of people were out at the Lincoln Park to witness the contest between the Jefferson City Mohawks and the Mexico Cubs. The game was a real good game until the Jefferson City Mohawks got warmed up, and then they proved to the crowd that the Mexico Cubs were in no way a match for the Mohawks. "Lefty" Robinson of the Mohawks was as usual in good form, and was puzzling for the visiting team, but to his surprise he had to check himself as the visitors failed to find him.

The Prison Band rendered fine music for the occasion, and the crowd highly enjoyed the sweet strains from the band of thirty-six pieces. One of the principal features of the day for the fans were escorted to the Park by the Prison Band. People from all adjoining towns were present to witness the game. Many fans failed to get motored here to see the game. Grand Noble High Priest, J. P. Moffett of Sedalia, Missouri was a visitor of the capital city Sunday, also.

The Mohawks will depart for a two game series at Hannibal Saturday and Sunday.

NEW YORK CITY, May 24.—"The Dungeon" is the title of a new motion picture turned out by Oscar Micheaux which will be given its first run at the Douglas Theatre next week. From what we can hear this new offering by Micheaux surpasses anything he has so far produced. This producer has been, from all appearances, the most successful in his line,—for while others are planning he is constantly putting out new pictures.

The Spotlight For Tennis

Preston News Service.

NEW YORK CITY, May 25.—In the Emerald today tennis is enjoying a prosperity which not the efforts of those who in the early days placed basketball on a high plain.

With the coming of the summer months enthusiasts will have much to look forward to as the game has now passed the experimental stage and is at a point where the bringing of champions from all corner the country and the West Indies is looked upon as a matter of course.

To add to the interest of the game a new impetus is given in that the social element plays a great part in it. The social elite now take advantage of the match games to reproduce in black scenes those which obtain when a Mlle. Lenglen or some of the other white tennis stars are appearing at Forrest Hills, L. I. If the game can withstand the many clothes pieced in the way of basketball and survive it will have accomplished a great deal.
